PROFESSIONAL SUMMARY

Senior Instructional Designer and Learning & Development leader with 12+ years of professional experience, including 9+ years specialising in instructional design and building scalable learning ecosystems in healthcare SaaS and corporate environments. Expertise in instructional design frameworks (ADDIE, SAM), microlearning, ILT/vILT, eLearning development, and AI-driven content automation. Proven track record managing LMS platforms, leading cross-functional initiatives with Product, Support, and Enablement teams, and aligning learning strategy with business outcomes and go-to-market readiness. Skilled in WCAG accessibility, learning analytics, Kirkpatrick evaluation, curriculum development, and customer education to measure training effectiveness and ROI.

KEY ACHIEVEMENTS

- Reduced manual content audit effort by **40%+** by designing and implementing AI-driven automation workflows using Claude (Anthropic) and Confluence API
- Governed and optimized a **330+ article knowledge base** aligned with product release cycles, improving content quality and consistency across 100+ video assets
- Developed **60+ eLearning courses** and 50+ storyboards, achieving a **30%+ improvement** in learner engagement and training scalability
- Established LMS content audit processes and content governance frameworks to align training with business priorities and product updates
- Led Pendo pilot strategy including WCAG accessibility review, style guide development, and in-app guidance use case identification
- Received **Innovation Luminary Award** — Rayden Interactive (2023–2024) for high-impact eLearning innovation and measurable learner engagement improvements

CORE COMPETENCIES

Instructional Design (ADDIE, SAM)

Learning Experience Design (LXD)

eLearning Development

Microlearning

Mobile Learning

AI-Driven Content Automation

Learning ROI

TECHNICAL SKILLS

eLearning & Content Tools	Articulate Storyline, Rise 360, Camtasia, Vyond, Powtoon, Adobe Premiere Pro, After Effects, Adobe Animate, Snagit
LMS Platforms	Skilljar, LearnUpon, Cornerstone, Workday
Knowledge & Project Tools	Confluence, Jira, Monday.com
Design & Storyboarding	PowerPoint, Microsoft Word, Scribe
In-App Guidance	Pendo
AI & Automation	Claude (Anthropic), ChatGPT, Confluence API, Workflow Automation

PROFESSIONAL EXPERIENCE

Senior Instructional Designer

Phreesia | Healthcare SaaS

Apr 2024 – Present

Contracted via Rayden Interactive | Remote

- Directed a cross-functional team of content developers to manage and deliver 100+ video assets, overseeing assignments, level of effort (LOE) tracking, and end-to-end delivery timelines
- Owned learning strategy, content governance, and training needs analysis for a 330+ article knowledge base, driving measurable improvements in content quality and consistency
- Designed and piloted an AI-driven automation workflow using Claude (Anthropic) and Confluence API to cross-reference release notes against knowledge base articles, reducing manual content audit effort by 40%+
- Developed and delivered blended learning programs — including eLearning, microlearning, and ILT/vILT — across Support, Product, and Enablement functions, contributing to increased training adoption and knowledge retention
- Spearheaded Pendo pilot strategy encompassing WCAG accessibility review, style guide development, content governance framework, and in-app guidance use case identification for customer education
- Collaborated with Product Managers to drive beta documentation and training readiness ahead of feature releases, ensuring aligned go-to-market enablement
- Managed end-to-end content migration from Skilljar to Vimeo, standardizing upload procedures and authoring team-wide documentation in Confluence
- Designed and implemented scalable content audit frameworks aligned with product release cycles, ensuring training assets remained current and learner-relevant
- Managed a direct report to build and scale a micro-video learning pipeline, enhancing new user onboarding and delivering just-in-time learning experiences
- Oversaw project intake, prioritization, and delivery timelines using Jira and Monday.com, maintaining SLA adherence across concurrent workstreams
- Built and maintained a master LMS content inventory serving as the single source of truth for training asset status, ownership, and prioritization
- Designed and maintained a dynamic backlog tracker to improve delivery visibility and enable data-driven stakeholder reporting
- Partnered with Learning Solutions and L&D teams to benchmark content formats, delivery methodologies, and AI-driven automation strategies across the organization

Senior Instructional Designer

Rayden Interactive

Nov 2021 – Apr 2024

- Led design and development of 60+ eLearning courses and 50+ storyboards using Articulate Storyline, Camtasia, and Vyond, achieving a 30%+ improvement in learner engagement
- Designed accessible, scenario-based, and microlearning solutions aligned with WCAG accessibility standards and adult learning principles

- Conducted training needs analysis and collaborated with SMEs to design targeted learning solutions with measurable learning objectives
- Developed two interactive eLearning modules on patient engagement using drag-and-drop activities and scenario-based learning for Phreesia's internal teams (PAM Project, 2023)
- Mentored and onboarded instructional designers, improving team productivity and quality standards
- Established organization-wide design standards and style guides for consistency across all client deliverables
- Applied Kirkpatrick evaluation model to assess training effectiveness, measure learning ROI, and drive continuous course improvement
- Managed full project lifecycle from discovery to delivery across multiple clients, maintaining timelines and quality standards

Instructional Designer & Corporate Trainer

Jul 2017 – Dec 2021

HERE Technologies Pvt. Ltd. | **Airoli, Maharashtra**

- Designed and delivered blended learning programs including eLearning, microlearning, video-based training, and ILT/vILT sessions
- Applied ADDIE instructional design framework to develop training across compliance, product knowledge, and leadership development
- Collaborated with SMEs to align training needs analysis with business goals and develop targeted learning experiences
- Facilitated leadership development programs focused on communication, public speaking, and professional skills
- Delivered internal training on instructional design tools and best practices including Camtasia, Articulate Storyline, and SnagIt

EARLY CAREER

E-Commerce Executive

Mar 2017 – May 2017

Commerce Pundit | **Ghansoli, Maharashtra**

- Managed product listings, inventory, and reporting on Walmart's e-commerce platform
- Coordinated with vendors to manage order fulfilment and ensure timely deliveries

PPC & Digital Marketing Specialist

Apr 2016 – Mar 2017

eTouch Pvt. Ltd. | **Thane, Maharashtra**

- Managed and optimized Google Ads PPC campaigns, including keyword research and YouTube ad creation
- Trained new team members on paid search best practices and managed day-to-day campaign tasks

EDUCATION

Bachelor of Arts in Literature | University of Mumbai

GPA: 70%

CERTIFICATIONS

- **Designing Accessible Learning Content (DALC)** — eLaHub Ltd | March 2024
- **Camtasia Certified Professional** — TechSmith | 2024–2026
- **Gamification for Employee Productivity** — Pete Genkins | June 2021

AWARDS & RECOGNITION

🏆 **Innovation Luminary Award** — Rayden Interactive (2023–2024). Recognised for creating innovative, high-impact eLearning projects that drove measurable improvements in learner engagement and knowledge retention across client programmes.
